

Solar Panel Maintenance

Our Solar Panel Maintenance service is designed to ensure the optimal performance and longevity of your solar energy system. Our team of experts specializes in maintaining and enhancing the efficiency of your solar panels.

Terms and Conditions:

1. Call Out Fee:
 - A call-out fee of R750 applies and must be settled upfront to initiate the maintenance process.

2. Quotation Process:
 - The upfront payment of the call-out fee is a prerequisite.
 - Upon acceptance of the quote, the call-out fee will be voided.
 - Customers are provided with a 7-day window from the date of quote reception to accept or reject the provided quotation.

3. Payment and Deduction:
 - If the customer accepts the quote, the upfront call-out fee will be deducted from the total quoted amount.

Our Solar Panel Maintenance service aims to maximize the efficiency of your solar energy system, ensuring it continues to generate clean and sustainable energy. Contact us to schedule maintenance and enhance the performance of your solar panels.
